Queen City Corvette Club (QCCC) newsletter is published monthly by volunteers and members of QCCC. Subscription rates are free for members. Guests can receive up to three months of newsletter issues, and then are removed from mailing list if they haven't participated in any QCCC events. Cost for postage and production is paid for through membership dues. Membership list and financial data are not published for guest copies. For change of address and all other QCCC inquiries, write to: **Queen City Corvette Club, PO Box 77153 Charlotte, NC 28271-7002**. QCCC is a non-profit club (501-C7), which raises money for and participates with various local children's charities. Dues and donations are not tax deductible. We strive to promote exciting, safe & fun ways to enjoy our Corvettes. We hold business meetings on the second Saturday of each month. Our monthly business meeting usually incorporates a social time afterwards. Our socials are always fun and are focused around food & drink. We've had swimming parties, bar-b-ques, cookouts, day trips and weekend trips. We participate in mountain tours, holiday parades and several homecoming parades at local area high schools. We also participate with several sister Corvette clubs in car shows, drag racing, and autocrossing. After an initiation fee of \$7.00, club dues are only \$8.00 a month, per family, and are to be paid quarterly. These dues go to cover the costs of running the club, mailing newsletters, and subsidizing the costs of our meetings. Club officers serve as volunteers.

To become a member of the QUEEN CITY CORVETTE CLUB, you must own a Corvette and attend at least three (3) monthly business meetings and two (2) events within a six-month time period. Express your wishes for membership during a monthly business meeting, be voted in and begin paying dues.

The President's Message

It sounds like a broken record, but September was nothing but hot, hot, hot! I think we all are getting used to brown lawns and going to the quarter car wash to hose down the 'Vette due to all the water restrictions.

Our monthly business meeting for September was preceded by a great car show held at Autorama in Monroe that was a segway into a poker run

before our meeting. Trying to follow VP Boyd's directions to the letter proved to be a dismal attempt on Margo's and my part as the navigator in this event (yours truly) did not hold up his end and we proved to rack up the most miles and take way too many wrong turns. But none the less, we made it to Mark and Adina Ledford's house in time for the business meeting and trade barbs with the other participants who had plenty of time to rest by the time we got there. Thanks again to Mark and Adina for their gracious hospitality to QCCC members and for hosting the meeting. And even though we did not have a great finish in the poker run, special thanks to VP Boyd for putting together the route for the poker run.

The fall Auto Fair event brought some much needed rain to the area on Friday but by Saturday morning the streets had dried and QCCC was at the speedway in force. Our club always has one the best displays of super Corvettes and we were well represented on both days. We were extremely happy and surprised when the 50th Anniversary was chosen best in show on Saturday. Getting to meet and shake hands with Humpy Wheeler on Sunday was a pretty neat experience and one we won't soon forget.

Leaving from Monroe on Friday the 21st, automotive director Chris Patton led a caravan of 17 Corvettes to the Litchfield Resort on Pawley's Island for some much needed R & R. Once at the resort, the caravan of travelers met up with other club members who had the opportunity to come down ahead of time. Thanks from all in attendance to Melissa Patton for making the dinner and entertainment arrangements through out the week end; we all had a wonderful time.

Additional thoughts

At next month's business meeting I will have the nomination sheet for the 2008 board member positions. Once our business meeting has concluded, I will compile and contact any member who has been nominated for a board position. If the nominated member chooses to go forward with the process, their name will be placed on the ballot for the election that will be held in November. In the meantime, if anyone has any questions, please feel free to contact me. I look forward to speaking with many of you soon.

In the meantime, everyone be safe and save the wave.

Q. Gross

VP REPORT

I am still tired. The September car show at Motorama, meeting and picnic at the Ledford's was a busy but fun day. My thanks to Mark Ledford and Linda Silvia for their help on the Poker Run. I think the Mustang thought it was a race. Remember poker runs are fun and follow the speed limit events. We made over \$200 for the charity fund. The picnic and hot dogs were a blast and Adina did herself proud in decorating and what a party!!!! (Yes I know Mark helped a little bit)

Dale Ledbetter at Motorama had a great place for us to display our cars. He also had several C3's for sale and even some C5's. Thanks to all of the members and guests who came early and showed their support for our November meeting place. Remember November is election night for the QCCC Board for 2008.

Our October meeting will be held after the Burns Chevrolet Car show October 13th in Rock Hill, SC. Let's see if we can break the 63 car record. The meeting will start at 4:00PM. Bring your own chairs. More in the automotive report in this newsletter.

November 10th we will be at Motorama in Monroe, NC. The meeting starts at 6:30 PM but Motorama will be open for us at 5:30PM so we can look at the many fine cars they have for sale. Dale has enlarged the show room (heated) so we will meet there. Please bring your own chairs as they don't have enough for all club members.

Now for an update on the American Le Mans Series: The GT2 class will have a Maserati running against the two Corvettes at the Petit Le Mans race. That race is October 6th and the "Knight" (note new name) will be in site #2 between turns 5&6. Drop by and sit in the shade. A shuttle service runs every 10 minutes from the front to the back of the race track. Speed coverage starts at 11:30 AM live.

I wish it were mine!!!!!!!!!!

The NCM Corner

As I mentioned last month, the National Corvette Museum Board of Directors are moving forward very aggressively on the planned expansion. Rather than doing it in phases, the entire project will begin with a planned completion date in late Summer 2009. The grand opening will be during the 15th Anniversary Celebration on that Labor Day weekend. The fourth national caravan will end up in Bowling Green at that time, which will result in one huge party. Full details on the 2009 caravan and registration instructions are available at www.corvettemuseum.com.

The directors are also pursuing plans to develop a motorsports park near the NCM. The project will include a quarter-mile drag strip, an autocross course, and a road course. The planning is almost complete and a go-ahead decision should be made in the near future. This addition would make a trip to the museum even more worthwhile.

Christmas is almost on us once again and since most of your friends are Corvette people, visit the Corvette Store on line at the NCM website and get your shopping done the easy way. Don't forget, NCM members enjoy discounts on all purchases.

Highlights From The Luau/Meeting at the Ledford's

Through The Windshield

A big Thank you to Bart Richards again for getting the club back in with Reid's Fine Foods and the "Green Market". Again we were given \$250.00 for the charity fund. The Green Market also offered the club a lot of exposure by having a reoccurring spot on News 14 the local news channel for 24 hours. Thank the Lord that the producers used Melissa's interview rather than mine. Not only is she better spoken than I, she also looks much better in person and on camera. Thank you to all the members that came out to help us raise money for the charity fund.

We also had a good time with the C4 headlight clinic at my house. The changing of headlight gears in a C4 is just as the "Corvette Forum" explained...one and a half hour on the first and thirty minutes on the second. Thanks to Mark Curtis and his curiosity for all things mechanical and to Greg Tilley for supplying enough beer to keep me calm while watching Mark pull the headlight out of the car.

Congratulations to Paul Mariano on winning the "Red Neck Poker Run". This event organized by Boyd Kurt and Mark Ledford raised \$245.00 for the charity fund, and was followed by a great meeting at the Ledford's house. As those in attendance know I also gave out a prize for the couple that got in to the biggest fight while on the poker run. Although I was not there at the Ledford's house when the Gross' arrived I was told by many sources that Margo will never do another poker run while Quentin navigates. Thank you to all that participated in the poker run and to Mark and Boyd for all the work put in to organizing and mapping out the route. Also thank you to the Ledford's for opening up their home once again to host the business meeting.

September also brought fall Auto Fair. This year's winners were Dr. Bruce Trefz for Competitor's Choice with his Silver Z-06; Saturday Best Coupe Robert Morgan with his Rally Red C-3; Saturday Best Convertible Jane and Eddie Burt and their Spiral Gray Metallic C-5. Sunday winners included J.C. and Linda Roberts for Ladies Choice with their LeMans Blue C-6; Bob and Marilyn Becker and their Monterrey Red 2006 for Sunday Best Coupe; Sunday Best Convertible was Tom and Brenda Huddalla and their Anniversary Red 2003 convertible. Best in Show honors went to Quentin and Margo Gross for their 50th Anniversary Convertible. Congratulations to all the winners and thanks for all that came out for the weekend.

The weekend after Auto Fair some of the QCCC gang headed south to Pawleys Island South Carolina for some end of summer sun and relaxation. As we headed out of Motorama Friday morning I had my doubts about the weather but as we stopped in Darlington, S.C. for a quick pit stop the Corvette Weather Gods decided to smile down on us and never let up with sunshine till after we got home. The sailboat cruise was an especially nice way to end the evening Saturday night. A big "Thank You" to Melissa for all her work on this trip.

As we go into October we have some events that you may want to mark on your calendar. October 6 and 7 is Jets and Vettes II featuring the USAF Thunderbirds. Although it is too late to get a space on the tarmac I encourage you all to take a drive over to Pope Air Force Base in Fayetteville, NC to see the show. I promise you will not be disappointed. Watch your email for trip information.

The next meeting is planned for October 13, at Burns Chevrolet in conjunction with our business meeting. We are also planning a canned food drive for this meeting to benefit the Second Harvest Food Bank. We are hoping that each couple will bring 4 cans of food. Please note the time change for the business meeting. It will be held starting at 4:00PM immediately following the car show.

In October we will have an additional Car Care Day so mark your calendars for Saturday October 27. Gray Katzman will open his shop that day to all of those that could not make it out to the last Car Care day hosted at the Crawford's. Gary's shop is called MBV European LTD. and is located at 5410 Old Pineville Road Charlotte, NC 28217. At this car care day Gary is going to help us service our transmissions. Anyone that would like to have their transmission flushed must bring 16 quarts of transmission fluid and a filter. Gray will not be able to open his supply room and each member must bring their own supplies. I will also be there to assist any member wanting to change their motor oil. You must bring your own motor oil and filter also. As with car care days in the past we will not be able to make repairs; you will have to make arrangements with Gary to do more extensive work on your car.

Until next month remember, the only thing sweeter than driving your Corvette on Highway 17 in Pawleys Island is passing a Mustang and getting a thumbs up from the driver!
