Queen City Corvette Club (QCCC) newsletter is published monthly by volunteers and members of QCCC. Subscription rates are free for members. Guests can receive up to three months of newsletter issues, and then are removed from mailing list if they haven't participated in any QCCC events. Cost for postage and production is paid for through membership dues. Membership list and financial data are not published for guest copies. For change of address and all other QCCC inquiries, write to: **Queen City Corvette Club, PO Box 77153 Charlotte, NC 28271-7002**. QCCC is a non-profit club (501-C7), which raises money for and participates with various local children's charities. Dues and donations are not tax deductible. We strive to promote exciting, safe & fun ways to enjoy our Corvettes. We hold business meetings on the second Saturday of each month. Our monthly business meeting usually incorporates a social time afterwards. Our socials are always fun and are focused around food & drink. We've had swimming parties, bar-b-ques, cookouts, day trips and weekend trips. We participate in mountain tours, holiday parades and several homecoming parades at local area high schools. We also participate with several sister Corvette clubs in car shows, drag racing, and autocrossing. After an initiation fee of \$7.00, club dues are only \$8.00 a month, per family, and are to be paid quarterly. These dues go to cover the costs of running the club, mailing newsletters, and subsidizing the costs of our meetings. Club officers serve as volunteers.

To become a member of the QUEEN CITY CORVETTE CLUB, you must own a Corvette and attend at least three (3) monthly business meetings and two (2) events within a six-month time period. Express your wishes for membership during a monthly business meeting, be voted in and begin paying dues.

The President's Message

June not only officially kicked off summer, but it was also one busy month for QCCC members. The weather ranged from very hot and humid to rainy, hot and humid interspersed with an occasional hail shower.

The first part of the month gave club members the opportunity to participate in the 145th Air National Guard Family Day. 20 shiny Corvettes filled with QCCC folks showed up at the gates of the Air National Guard base promptly @ 8:30 a.m. on a Sunday morning and were escorted to the tarmac. Once the cars were parked in two very neat rows, members spent the rest of the morning talking Corvettes with the Guard members and families and exploring the various aircraft on display. As the sun started to climb in the sky, those present were in an ongoing search for some shade and a slight breeze. It ended up being a very hot day; as we left the air base later in the day, the thermostat in my car was showing 103 degrees outside! It never dropped below 102 all the way back to Concord. Thanks to Automotive Director John Meadows for working with the NC Air National Guard and organizing the event and special thanks to all of the club members who braved the heat and brought themselves and their cars out to share a special day in the lives of those who serve our country.

The middle of the month brought what most members call the “big event of the summer: Eddie’s bar b-q”. This year the unofficial tally in attendance was 167 people! Included in the count was over 30 guests who are prospective members to QCCC going forward. As usual, the food was great and everyone had a super time enjoying the camaraderie throughout the evening. As a club, we can’t thank Eddie and Jane Burt enough for opening their home once a year to accommodate this many people. When I walked around the front of their house prior to the business meeting, I couldn’t believe the awesome sea of Corvettes; cars were parked everywhere! Thanks as well to everyone who brought side dishes and dessert; it was great.

For me, the highlight of the bar b-q / business meeting was being able to present to Gloria Scienski the duplicate National Corvette Museum brick purchased by the club in honor of past President Jerry Scienski. While the original brick is in Bowling Green, KY, the duplicate brick symbolizes to all in QCCC that Jerry’s memory will always be a part of our organization. Thanks again to club museum liaison Paul Mariano for his help in getting the duplicate museum brick to me for the presentation.

And at the beginning of the month, a special group of club members, led by Wally Crawford, spent a weekend getting close to their Corvettes at Carolina Motorsports Park in Kershaw, SC. Whether members came to get “really involved” with their cars at the track or just to experience taking their cars around a road course track for the first time, everyone who showed up had a great time.

Additional thoughts

This is a final reminder we will be having a special election at our July business meeting to fill the position of club secretary. This QCCC board member position will be elected to cover the period of July through December 2008. Anyone who may have questions regarding responsibilities of the secretary should contact me directly.

In the meantime, everyone be safe, save the wave and see you around the next curve.

Automotive Report

Dear Fellow QCCC Members,

Where did June go? We started out this month with a trip down to Carolina Motorsports. We had about 15 cars to caravan down to the track to meet up with another half dozen cars at the track. We had several members serving as instructors and several more as students. We were able to do several paced laps during the noon break. Again it was a lot of fun. We will try to schedule another of these events later this year. Our thanks to the Mustang Club for hosting and for allowing us to participate with them in this event.

On June 8, we had 19 cars to attend the National Guard Family day event. Even though it was hot, I believe that everyone had a great time. It was a true pleasure to talk with some of the guys and gals serving our country. It was very interesting also to hear about some of the different types of missions they perform both here stateside and abroad.. It was very rewarding to all who attended just to be with this great group of our National Guard.

We are planning a car care day July 19 9AM till at Wally and Anita Crawford's Garage Majal. We will be changing oil and discussing world affairs. We will be having lunch for a small donation. Come on out and join us even if you don't need an oil change .For those wanting to change your oil, bring your own oil and filter. Labor will be provided.

The first ZR1's should be arriving at City Chevrolet this month. Be sure to check your emails and the QCCC web site for more details on this.

My thanks again to the Charity Committee which consisted of John Walton, Chris Woods, Jim Weisburg, Paul Schultz and Florence Prather. The Committee submitted their recommendations which are:

Matthews Help Center	\$800.00
Operation Home Front North Carolina	\$700.00
USO North Carolina	\$600.00
National Corvette Museum	\$500.00

We hope to plan a day trip up to Linville Caverns and Linville Falls this summer. Watch for details on the web site

Again we are very thankful for all of our club sponsors especially City Chevrolet and Hendrick Cadillac & Chevrolet . You see them being advertised throughout our newsletter. Be sure to mention to them that you are a member of QCCC.

As I close for now, remember this is your club. It will only be as good as you want to make it. Give us your idea's on events and trips you would like to see. Until Next Month----Save The Wave

John

Karaoke Anyone (and Anywhere)

Mark Ledford take note! A Japanese toy maker will soon sell a portable, personal karaoke machine so you can belt out your favorite tunes anywhere, and without having to wait for the microphone. The "Hi-kara" karaoke machine, by Takara Tomy, is a 7-cm (nearly 3-inch) cube which weighs less than a pound and works like a real machine. Once the singer selects a song, which can be downloaded off the Internet or from special music cartridges, the lyrics come up on a 2.4-inch display. The machine also has headphones and speakers attached.
