The Queen City Corvette Gazette is the official newsletter of the Queen City Corvette Club (QCCC), established in 1968, and is electronically published and distributed monthly by volunteers and members of QCCC.. Additional information regarding QCCC is available at our website: www.queencitycorvette.com . QCCC is a non-profit club (501(c)(7)) whose members all share a common appreciation and love of America's Sports Car – the Corvette. Dues and donations are not tax deductible. In addition to various social activities for members, QCCC raises money for and participates with various local charities. We strive to promote exciting, safe and fun ways to enjoy our Corvettes. We hold business meetings on the second Saturday of each month. Our monthly business meeting usually incorporates social time. After an initiation fee of \$10.00 per person, club dues are \$100 per year to be paid semiannually or annually. These dues go to cover the cost of programs, events, running the club, and subsidizing the cost of our meetings. Club officers and supporting staff serve as volunteers. To become a member of the QUEEN CITY CORVETTE CLUB, you must be at least 21 years of age, own a Corvette and attend at least three (3) monthly business meetings within a twelve-month period. Come check us out – we love to meet fellow Corvette Enthusiasts! For additional membership information, visit https://queencitycorvette.com/?page_id=330 or contact our Membership Director at membership@queencitycorvette.com . We would love to have you join us for a monthly business meeting. If you can't join us, please WAVE!

QCCC's mailing address is: Queen City Corvette Club, PO Box 574 Paw Creek, NC 28130

~ *Paul Mitchell, President*

It's very hard to believe, but by the calendar summer is over. Sure, we've got up to 10 weeks of very nice weather yet to come, but where did the summer go? But never fear, because QCCC still has lots to do before the holidays and the cold weather.

This is an important time of year for us, as we have two very important things to deal with. First, of course, is the new and improved version of the QCCC Car Show on October 12 at Hendrick Motorsports. It is new and improved because of all that we have going on. The Jim Perkins tribute at the show is bringing in executives from General Motors, with a special display of cars that Mr. Perkins had a hand in during his management tenure with the company. We will again have Bloomington Gold judging cars along with the Gold Collection of very special Corvettes on display. NCRS will have a special presentation. Many vendors and other great things to see. We still need volunteers for the many duties at the show. If you haven't picked a task, you can do it at the meeting at Streetside on September 14. Go to your local auto parts store and ask for a donation. They will give you a car wash bucket and some other goodies, which will be used for door prizes. Put together a nice basket of some type for the silent auction. These items are always very popular, and very successful in raising money for the charity. So there is lots to do, and it is definitely a team effort. Please chip in and help make the Car Show another fantastic success.

The other very important thing going on is QCCC elections for 2020 Board of Directors/Officers. Nominations open at the September meeting on the 14th, and will remain open until the close of the October meeting. The actual election will take place at the November meeting. Please give this some serious thought. If you want to throw your hat in the ring, please do so. Maybe you think someone in the club would be a good candidate – ask them to consider running for a position. Remember, this is the future of our club. We will continue the excellence in leadership this club has displayed for over 50 years, but we need your participation. Give it some thought, and get in touch with any Board member if you have questions or suggestions.

But the main thing to do over the next couple months of beautiful weather is drive your Corvette. With your QCCC family. We still have many activities going on – just check the calendar on the web site. After all, our main task is to -

Love 'em, drive 'em, cherish 'em. It'll make you and your car smile.

SOCIAL DIRECTOR

- Carolyn Zimmer -

Happy September!!

Well the kids might be back in school, but the weather certainly still feels like mid—Summer to me!! While I for one like the warm weather, we all know Fall is just around the corner and there are a number of great events coming up for us to enjoy as the weather cools down and the leaves turn their beautiful colors. And there is still plenty of time for a day trip (hint, hint) to an ice cream shop or to the Mountains or wherever you want to go. Please consider leading a Day Trip soon to add to the fun. Just let me know and I'll take care of the communication to the Club!!

With 2019 winding down, I am truly, truly thankful for all the folks who have stepped up to help me in 2019 with the Social Events--by serving or planning to serve as Event Leaders and/or by assisting as volunteers for the many events that have been held!! All these folks have truly made a great impact in our ability to have Social Events this year. Please take the time to personally thank ALL those who Volunteer each and every month!!

Special thanks this month goes to Event Leader **Valerie Cunningham**, assisted by **Misty Fisher**, for the great coordination and implementation of our 2019 QCCC 51st Anniversary Party refreshments before the meeting on August 10 at Hendrick Motorsports. And many, many thanks to all the volunteers who helped set up, serve the goodies, and clean up the Team Center. Special thanks also to **Roger and DeeDee Winge** for the great ice cream they provided and served from their family-owned Carolina Cones in Cornelius—not to mention all the fabulous toppings (the strawberry was the winner).

Thanks also to our QCCC President, **Paul Mitchell**, for serving as Event Leader for the August 17 Beach Music and Vettes concert trip to North Wilkesboro featuring “The Embers”. Despite Paul’s being very busy with the Car Show and all his many Presidential duties, he somehow found time to lead 12 cars up Brushy Mountain road to the concert event--where everyone heard some great beach music and had a great time. Of course the fact that he loves Beach Music may have had something to do with it!!

And a very HUGE personal thanks to all the many **QCCC Volunteers** who helped me so fantastically (is that a word?) with the C&VA (NCM) Caravan Kick-off in Concord, NC from August 25 – August 27. Wow, it really was a busy few days with check-in of 500 Corvette folks from the Southeast and Mid-Atlantic. But the QCCC member volunteers were so dedicated, committed and eager to help all the visitors with whatever was needed. I love this Club!!!! Thanks so very much for all you did – you served as wonderful ambassadors for QCCC!!

Now, what’s coming up next for QCCC you ask????

September 20-22, 2019 – Oktoberfest Trip to Helen, GA. Event Leader **Steve Bonino** has planned a great trip. Rooms are full so hopefully you are on the list if you wanted to go. Steve has been communicating so much detail about all the fun things planned to the participants – so this is sure to be a fabulous trip!!

October 5, 2019 – QCCC Annual BBQ at Davidson Farm, York, SC. Event Leaders **Julia & Bill Davidson** will host the event, assisted by **Margo Gross**. See the QCCC BBQ Flyer, prepared by Margo, following my Article for additional information and details for the day. A BLAST will also be distributed.

October 20, 2019 – QCCC will again participate in the **Run to the Colors** Corvette Event, hosted by the Foothills Corvette Club. **Event Leaders Ron and Donna Berst will lead this one for QCCC.** This annual event has been held for years and years, probably because it's so much fun and such a beautiful drive. (Just a bit of trivia, Don and I started participating in this event with QCCC in the 1980s with our 1975 Red Corvette Convertible). Hundreds of Corvettes will stage in North Wilkesboro, and drive through the mountains during beautiful Fall foliage time to Shatley Springs, NC for lunch – with the assistance of local police who block intersections along the way. This year the Run is being held the weekend after the car show (instead of the day after the show), so hopefully more of us will be able to attend!!! Ron and Donna will be communicating additional information via BLAST.

More upcoming events – Save the Dates and Watch for the BLASTS!!!

November 2, 2019 – **Corvette Angels Event & Brunch at Charlotte Motor Speedway,**
Event Leaders Bill Cruthis, Tom and Terri Pennoni, Peggy Wood.

November 9, 2019 – **Speedway Club Dinner after November Meeting,**
Event Leader Peggy Wood

December 7, 2019 – **QCCC Christmas Party, VFW Hall Indian Trail, NC**
Event Leader Donna Berst

Thanks so much, as always, for all your support for QCCC!!

I look forward to seeing you soon!!

CAR SHOW UPDATE

Queen City Corvette Club Corvette Show

October 12Th, 2019

We have only one month left before the QCCC Car Show and this is my final push to make sure everything runs smoothly. **We are still in need for more judges and help with parking**, so if you haven't signed up for a work detail this is your chance to do so. We are still looking for more Corvettes, so bring yours and ask a friend to bring theirs as well. It is time for you to bring your donated items to the StreetSide Meeting on September 14Th. We need silent auction items, door prize items and goody bag items. We are having meetings with the judging and parking teams and your team leaders will be in touch with you to advise you of what you are to do at the show. If you are not contacted and have questions the day of the show you are to see Keith Cross at the main QCCC tent.

A large portion of the October 5Th QCCC meeting at the Davidson's BBQ will be dedicated to the car show. This will also be a good time for all committee chairpersons to meet with their prospective committee people for instructions on what they are to do.

National Corvette Museum

NCM CORNER

It was a good Anniversary Celebration, yes it was. Out of the thousands gathered there at the NCM, I heard not a complaint. For those of you that experienced your first visit to the museum, you saw it at its roaring best. Now I urge you to visit again during the Bash in April and enjoy it at an entirely different pace. Different yes, but none the less entertaining. It is always a good time when a group of QCCC people hang around a watering hole or feeding ground.

The Hall of Fame dinner and induction was one of the largest ever attended. Over one thousand attendees watched as three more deserving individuals joined the others in the hallowed hall. Once you see the emotion of those inducted, you realize what it means to be selected.

Congratulations to her editorship, Donna Berst, for producing the award winning QCCC newsletter. It was awarded third place in the newsletter contest which is quite an honor when you consider all the clubs in the U.S. that entered. Well done, madam.

QCCC continues to rack up the awards by once again winning the club participation trophy at the IMSA race at the Virginia International Raceway.

On the way home from Bowling Green, Walt & Wendy Krupowicz got to make the acquaintance of a couple of local gendarmes. The outcome was good as they only received a good natured warning and a compliment on their nice car.

The real star of the Anniversary weekend was the new Stingray Corvette. Rather than a star, it was more like an all-star revue as the new Corvette was in hotel parking lots, on the road, and on display at the museum. And it was everywhere in numbers. One count had a total of ten C8s in the area, one of most colors with the new yellow conspicuously missing. Go figure! Chevrolet was present with all the marketing trappings you could ever want. Mark Reuss, GM President, was in attendance for the Hall of Fame and the word was he was impressed with all the Corvettes around the NCM and the festivities. Several seminars, multiple demos all staffed by Chevy people, and the traveling Corvette showroom gave all the info you needed about the new machine. Isn't it great to be part of THE greatest car culture in the world? Eat your heart out Ford, Porsche, Mercedes, Ferrari, etc.

From Track to Street

(BOP) Balance of Performance explained. The goal of IMSA is to make racing as competitive as possible. They want every team to have a chance to win the race at any given track. We had an IMSA official come to the Corvette Coral at VIR to explain themselves. They look at every race in segments, that is, they split the track into many segments and look at the performance of each car on each segment of the race track. This is only measured during a race so sand bagging is eliminated as much as it can be. Your performance is measured and fit into a box. If you have two races that you fall out of the box (either above or below) changes are made to your car. This box is as small as they can make it. About a 1/2 second per lap. Otherwise a mathematical formula is used to determine where you rank in the box. They want driver performance, pit stops and strategy to determine who wins the race.

Now that you are totally confused about BOP, at least you know how they measure BOP. Now the results for 2019. Porsche has been at the top of the box and Corvette is at the bottom of the box. BMW and Ford are in the middle except BMW has been out of the box for several races and has had a lot of adjustments. Hopefully next year with Porsche and Corvette moving to mid-engine cars the standings in the box will be more equal. Time will tell.

Corvette # 3 placed 3rd at VIR and #4 placed 4th. Great Race!!!!!!!!!!!!!!

See you at the next Corvette Race.

More "Adventures" from QCCC of Decades Past

The original Two Men and a Truck formed in Mint Hill circa 1978. These two zeroed in on an open market, transporting high dollar Corvettes around Charlotte. Eventually the one, that appears more goofy, bought the other one out, stuffed his garage full of blue Corvettes and the rest is history

Inspiration

In the summer of 1968, QCCC's four charter members enjoyed cruising, going out to dinner and working on their cars. But what inspired them to go to the trouble to organize, make up a set of bi-laws, chose a name and logo, recruit new members and form a club. The answer: *CORVETTE NEWS* magazine.

In the early days of the Corvette, GM had a slow start producing a sports car that not only looked sporty but had the performance to match. Finally a V8 Corvette came out in 1955 and putting Zora in charge of developing the performance was genius. The styling also improved and sales increased. But would the American public buy a two seat sports car in the numbers that would justify the investment? Making the brand more than just transportation was the challenge and more than average advertising was called for. In another stroke of genius, GM decided to produce a Corvette only magazine and voila: *CORVETTE NEWS*.

The marketing communication agency of Campbell-Ewald was commissioned in 1957 to produce the magazine. *CORVETTE NEWS* covered Corvette racing, features about owners and events and information about the new models and options. When you purchased a new Corvette, there was a post card in the owner's manual that you sent in with your name and address to receive your free three year subscription. You also got a pin, a patch and an ID card. You became a "member" of an exclusive group. It was originally sent out four times a year and later six times yearly. When your free subscription ran out or like me, you bought a used Corvette, you could subscribe for \$15.00 for two years.

The direction of the magazine changed in 1960 when Chevrolet's national sales promotion manager, Joe Pike, took personal charge of it's production. Joe was a died in the wool Corvette enthusiast and his enthusiasm showed in every page. He used the magazine to promote all types of Corvette events and every issue demonstrated that Corvette ownership is more than just owning a brand of car, it is a lifestyle. He helped organize clubs and then founded the National Council of Corvette Clubs to bring these clubs together nationally and in regions. The result made Corvette ownership very "fashionable" and with the possibility of national exposure, Corvette clubs sprang up everywhere. The magazine would also include a separate list of all of the clubs and their contact info so if you moved you could easily find a local club.

Joe also had a lot on influence on GM management since he heard the voices from the Corvette community. It was Joe's idea to name the Corvette body colors after race tracks. Of course my favorite is Riverside Red, (how many others can you think of?). Not enough could be said about how he affected Corvette development and growth through his 16 year career.

Joe suffered a stroke in 1990 and was confined to a wheelchair. He died in 1994, just before the opening of the National Corvette Museum. Chevrolet General Manager Jim Perkins credited Joe as one of the people responsible for the enduring greatness of the car.

CORVETTE NEWS continued to be offered into the 80's but the format changed and became *CORVETTE QUARTERLY* in 1981.

Without a doubt, the magazine had a profound influence on the establishment of the Corvette lifestyle throughout the country and even outside the US. It was the first publication of it's type devoted to one brand and certainly one of the best.
