QUEEN CITY CORVETTE CLUB
June 1996 BUSINESS MEETING

DATE: Saturday, June 8, 1996
TIME: 6:30 PM BUSINESS MEETING
PLACE: Sue & Lee Chandler's home
Castlegate Drive
Charlotte, NC 28226

From Hwy 51, take Rea Road towards Providence Road and turn left on Randwick.

From Providence Road take Rea Road towards Hwy 51 and turn right on Randwick.

Randwick ends one block into Old Forge. Turn right on Old Forge. After two blocks on Old Forge, turn left on Castlegate. The Chandler's house is the second one on the left.

VP of Social!

Our June business meeting will be held at the home of Sue & Lee Chandler.

Date: Saturday, June 8, 1996

Time: 6:30 p.m.

Location: Castlegate Drive
Charlotte, NC 28226

It is time for our annual potato and salad bar! Please bring your favorite beverage, and your "call committee" food assignment to our June meeting. Visitors are welcome and are asked to call Betsy at 542-0141 to register your attendance. I look forward to seeing everyone there.

May was one of the most exciting months for QCCC in a long time. 15 cars rallied up to Hickory to see some beautiful combat aircraft. 14 of our corvettes were involved in this years Festival of lights parade. Also, we really appreciate the team effort that made our NCCC Sectional at Rockingham a smooth success. THANK YOU!

Other QCCC dates to remember:

July 4	Coulwood Parade and meeting afterwards at The Freeman's
July 19-26	NCCC National Convention in Orlando, FL
August 10	Pool party at Carlette & Ron Calloway's home
September 13-15	Fall Autofair, Charlotte Motor Speedway
September 20-22	Annual QCCC Beach Weekend, Myrtle Beach, SC

Details on these activities will be discussed during our monthly business meeting.

F.Y.I. June 1963 Corvette production was approximately 2,115 units

the 1st turn

"Summer's here and the time is right for cruising in the streets."

To borrow a phrase from the Ronnettes - Cruising season has begun. We've had great turnouts for our last couple of events (Hickory Fly-in, Parade of Lights and the Sectional in Rockingham.) I want to thank ALL the club members who have come out to participate or work these events, but mostly I want to thank the fellow officers who have played key roles in the planning and execution of these events.

**Jon Elliott for the Fly-In
Jon and Labe Abernathy for the Parade
Jay Freeman for the Sectional**

It takes a lot of time and patience to carry out these events and you never get credit for your hard work. THANKS!!! Now get out there and plan some more! (Just Kidding.) I know you have some great things coming up and planning more.

Please take time to thank these guys for their efforts and be sure to read your newsletter for upcoming events. Remember these events are planned for your enjoyment and you can't enjoy if you don't come out.

Til Next Month.

Save the Wave!!

Jeff

May Minutes

The May 11 meeting was called to order by our President, Jeff Estridge. Jeff thanked Jon and Betsy Elliott for having us and welcomed our guests.

Art thanked everyone who was at Knights Stadium.

George reported that we made \$900 on raffle tickets the first day of the Autofair.

Jon reported that we will meet in the Home Federal parking lot, next to Shoney's, exit 38 and leave at 8:00 to cruise up to Hickory for the Air Show. They are expecting 75 planes and approximately 60,000 people.

The Pinnacle Parade of Lights will be Tuesday, May 21. We need 6 cars for the Queen City Display and 4 convertibles to carry people. We will meet in the parking lot at 3rd and Caldwell, across from First Baptist Church at 6:00 and the parade cars will leave promptly at 6:30. Jon passed out passes.

Larry made a motion to buy 2 static signs to put on cars, motion was seconded and passed unanimously. Jon is going to look into these.

We are considering a rally to the Lexington Bar-B-Que Festival and a tour of the Richard Childress Racing Facility.

The Beach Trip will be Sept. 20, 21, 22. We are looking into changing the location from the Andersen Inn to possibly Litchfield or Beach Cove resort.

Jay reported that we have 44 entrants for the Sectional in Rockingham. Instead of giveaways, we are going to give everyone a plaque and we will have 1st, 2nd and 3rd place stickers for the plaques.

Corvette Atlanta is going to let us use their clocks. Sue is going to enter the information for registration. We need to be sure and take P.A. system, radios, fire extinguishers (Art), computer (Sue and Jon), cables and Oil Dry.

We will be teching cars from 6:00-9:00 Friday night for anyone who gets there.

Richard Winchester from BF Goodrich will be at the Sectional Sat. and Sat. night.

The National Convention will be held in Cleveland, Ohio next year.

Linda Ottaway volunteered to let us store the trophies at her house. (Thanks Linda!)

We would like to welcome Terri Skaggs to our club as our newest member. Welcome Terri!!

Motion was made to adjourn the meeting, seconded. Meeting adjourned.

COMPETITION NEWS

1996 SOUTH SECTIONAL AT THE ROCK COMES OFF WITHOUT A HITCH!!!! A GREAT BIG THANKS TO ALL THE QUEEN CITY CORVETTE CLUB MEMBERS FOR A JOB WELL DONE! WITH THE HELP OF ALL OF YOU WHO WORKED OR SUPPORTED US WITH YOUR SPONSORSHIP, WE ONCE AGAIN WERE ABLE TO SUCCESSFULLY PULL OFF ANOTHER BIG EVENTS WEEKEND. I HOPE ALL OF YOU HAD A GREAT TIME WHETHER YOU WORKED, RACED, OR DID BOTH AS A FEW OF US TRIED TO DO. MAYBE WE WILL DO IT AGAIN IN 1997!

ON THE BEHALF OF QUEEN CITY CORVETTE CLUB, INC., I WOULD PERSONALLY LIKE TO THANK OUR SPONSORS: BFGoodrich, Fitzgerald/CHEVROLET-GEO AND IMC AMERICAN COMPRESSORS.

RICHARD WINCHESTER FROM BFGoodrich AND HIS WIFE JACKIE WERE ON HAND FOR THE WEEKEND TO ACTUALLY VIEW BFG'S CONTRIBUTION BEING WELL SPENT AND TO PARTICIPATE IN SOME OF THE ACTIVITIES.

WHENEVER WE HAVE AN OCCASION OR A NEED FOR OUR SPONSORS PRODUCTS, WE NEED TO SUPPORT THEM AS MUCH AS POSSIBLE. OUR SUPPORT WILL BE GREATLY APPRECIATED.

UPCOMING JUNE EVENTS

JUNE 8th & 9th ————— CAROLINA CORVETTE CLASSIC IX CONCOURS
MARINE CHEVROLET, JACKSONVILLE, NC

JUNE 15th & 16th ————— NEUSE RIVER CC ————— (6) LOW SPEED EVENTS
OLD ROCKY MOUNT AIRPORT, ROCKY MOUNT, NC

JUNE 22nd & 23rd ————— CAROLINA CORVETTES INC. ————— CONCOURS
KEVIN WHITAKER CHEVROLET, GREENVILLE, SC

JUNE 29th ————— METROLINA CC ————— (4) LOW SPEED EVENTS
JUNE 30th ————— FREE WHEELIN' CC ————— (3) LOW SPEED EVENTS
NORTH AFB, NORTH, SC

MAKE YOUR PLANS TO ATTEND AND PARTICIPATE IN THE UPCOMING JUNE EVENTS. REMEMBER! THESE ARE THE ONLY EVENTS SCHEDULED TO PARTICIPATE IN PRIOR TO THE NCCC CONVENTION IN ORLANDO FLORIDA, JULY 13th thru 20th.

OH! BY-THE-WAY, RC MURDOCK IS STILL LOOKING FOR A 4-WHEEL DRIVE JEEP WAGONEER TO TRADE HIS ZR-1 FOR. WOW! THOSE WAGONEERS SURE ARE FAST.

MAKE JUNE A GREAT MONTH!

HOPE TO SEE YOU AT THE EVENTS!

YOUR V.P. OF COMPETITION,

JAY FREEMAN

*NOTE: In High Speed Events: 1. All roadsters must have roll bars as outlined under Section on Technical Inspection For Speed Events. 2. Fire extinguisher (min. 5 BC) required in all groups and classes. 3. It is highly recommended (required in Group III) that all competing cars be equipped with roll bars or roll cages. 4. All entrants must be High Speed Certified and fire suits are required for Group III.

**ATTENTION:
MARK YOUR CALENDERS
FOR OUR 17TH YEAR OF HIGH
SPEED RACING AT**

HOSTED BY TIRETOWN CORVETTE CLUB

AUGUST 3 & 4, 1996

Come and join Tiretown Corvette Club for our 17th year of high speed racing at Mid-Ohio's world class track at Lexington Ohio. Even in the face of rising track rental costs, we are pleased to announce that there will be no increase in entry fees thanks to the continued support of Dave Ewing of Ewing Chevrolet and an excellent turnout in 1995. The entry fee for the entire weekend will be 145.00(2 days). One day fee will be \$75.00.

This year we will be running 3 NCCC sanctioned events along with sets of parade and practice laps. Also this year on Sunday there will be a sanctioned Concours hosted by Fun Center Corvette Club from Mansfield.

All drivers must be NCCC High Speed Certified or show proof of previous high speed track experience. All cars must pass NCCC tech inspection.

Registration opens February 1st. There will be a 120 car limit.

UNIVERSITY OF NORTH CAROLINA AT CHARLOTTE

The William States Lee College of Engineering
Mechanical Engineering and Engineering Science

presents

How to Build Horsepower

Course Outline

Saturday, October 12 8 a.m. - 4:30 p.m.

Power Filtration - How to Enhance Both Power and Reliability.

- Analyzing filter types
- Flow bench test results of each type - Passive and active filter function - Element sizing--single and multiple - Flow improving devices--do they work--are they worth it? - Cold air and ram induction

Basics of Induction Tuning.

- Intake pressure wave tuning--single and two freedom systems - Demo of pressure wave interaction on computer model - Effect of length, area and taper on system tuning - Effect of pressure pulses on carburetion

The Cylinder Head.

- Why it is the weakest link in the power production chain - Dissecting a two-valve production head to isolate its inadequacies - The basic intake port, chamber shape and exhaust port

Using the Flow Bench and Basic Port

Development.

- Pressure drop to use and why
- Maintaining accuracy of measurement - Leakage compensation and its problems - Determining the discharge coefficient and understanding its significance
- The computer-assisted flow bench - Developing the basic port--techniques for getting air around a corner

Saturday Evening Seminar 7 - 10 p.m.

You are invited to an optional Saturday evening demonstration at Atlantic Motorsports on, among other things, computer-supported flow bench, the new Dynojet 1200 Horsepower Chassis Dyno and using a laptop to program a DFI/Accel fuel injection system. Design engineers from leading manufacturing companies will be available for questions and answers.

Sunday, October 13 8 a.m. - 4:30 p.m.

Valve Seat Evaluation.

- The importance of low lift flow and how it affects the power curve - The real reason why four valves per cylinder are better than two
- How to translate, in part, what we learn about four valve superiority to two valve heads

Wet Flow.

- Easy ways of studying wet flow
- Typical wet flow from booster to combustion chamber
- Effects of atomization on low and high speed operation
- Atomization induction heat and its effect on power
- Fixes for bad wet flow - Vortex generators

Chamber Design.

- Wedge vs. Pent vs. Hemi
- Combustion efficiency enhancement from swirl and quench utilization - Piston crown design and crevice reduction - CR utilization and intake to exhaust valve ratios

Exhaust Port and System Design. - Exhaust flow vs. lift requirements - Anti-reversion techniques
- Assessing the true value of exhaust tuning - Sizing headers - Effect of exhaust systems lengths - What it takes to build a quiet no-loss race exhaust system

Instructor

David Vizard is a consultant performance engineer, international journalist, highly successful engine builder, and former race car driver and team manager. He also served as a consultant to top F-1 and racing equipment companies. He is one of the few individuals who knows the racing business from every perspective.

David has over 30 years of championship-winning experience in building high-performance engines for all types of racing, including road racing, circle track, and drag racing. Not only does he build the engines, but he has designed and built winning suspension systems and chassis as well.

As a journalist, David is the author of over 3,000 magazine articles and 25 books on engines and engine design. His *How to Rebuild Your Small-Block Chevy* (1976) has been on HP Books' best-seller list for years and is well on its way to reaching one million copies sold.

Course Details

Dates: Sat. & Sun., October 12, 13, 1996
Time: 8 a.m. to 4:30 p.m.
Location: UNC at Charlotte
Cost: \$295 (due Sept. 27th)

Note: A map to the classroom and Atlantic Motorsports will be mailed to all participants prior to the course. For more details call Atlantic Motorsports (704) 598-9040. To register call UNCC (704) 547-2424.

Hotel Reservations

A list of hotels will be mailed upon request for those needing overnight lodging.

The University of North Carolina at Charlotte is open to people of all races and is committed to equality of educational opportunity and does not discriminate against applicants, students or employees based on race, color, national origin, religion, sex, sexual orientation, age or disability. Moreover, UNC Charlotte is open to all races and actively seeks to promote racial integration by recruiting and enrolling a larger number of African Americans, Native-Americans, and other ethnically diverse students. Accommodations will be provided for persons with disabilities. (Please identify special accommodations needed.)
