**QUEEN CITY CORVETTE CLUB  
AUGUST BUSINESS MEETING**

DATE: Friday, August 9, 1991

TIME: 7:30 P.M.

PLACE: Clayton and Ruth Williams Corvette Condo

JULY 12, 1991, MINUTES

QUEEN CITY CORVETTE CLUB MEETING

The meeting was called to order by Louise Slater. There were 15 members present and one visitor.

Louise asked if there was any new business. There was none. She then asked if there was any old business and there was none.

The meeting was adjourned, and all boxes at Ruth and Clayton's were loaded and moved to the Adam's Mark for the NCCC Convention move in.

Respectfully submitted,

7/29/91

Fellow Members of Q.C.C.C.

The 1991 N.C.C.C. Convention is now over. For those of you who chose not to support the club, for whatever reason, I would like to let you know it was an **OVERWHELMING SUCCESS**. This is not only my opinion, but also the opinion of the N.C.C.C. Members from all over the United States, and the Executive Board of N.C.C.C., and the Adam's Mark Hotel.

We spent Friday night, July 19th, and Saturday morning, July 20th being "thanked" for the BEST N.C.C.C. Convention in years. All events were well planned and carried out in the proper, professional manner. Registration went smoothly, as did Tech. When there was a problem, it was handled quickly and properly to everyone's satisfaction.

This was not an accident. It happened because of hard work and planning. For 6 months, not two years, your club members have gone above the call of duty. For seven days, club members worked with two to three hours sleep, ate on the run if they ate at all.

We were blessed with the help from the Carolina Region. Our task could not have been completed without these people. Please give a **BIG THANK YOU** to all our friends in this region. No one could have expected the help these people gave, and we are thankful.

The Q.C.C.C. and the N.C.C.C. owes this success to one man's leadership. His determination and drive not to fail, nor be embarrassed will be what future conventions are judged against. He had help, but he put the right people in the right place and saw to it that the job was done, and done right.

I for one had a hard time getting to know Jay Freeman. In the past month I have become acquainted with a man who doesn't know when to quit or to give up. He made the convention the success that it was. Jay Freeman deserves the credit for it. He deserves all the thanks we can give him.

I saw the Baseball Hall of Fame Induction on T.V. today. One of the inductees made this statement: "If you know me, no explanation is needed, if you don't none would be understood". This has been a mistake I have made with Jay for years. I feel I know you as does most of Q.C.C.C. and N.C.C.C.. Thank you, Jay, for a Job Well Done, above all expectations. Q.C.C.C. and N.C.C.C. owe you more than we can ever repay.

To the members of Q.C.C.C. who worked to make this convention the success that it was, I have never been more proud of any group with which I have been associated. You worked, worked, worked, and worked!!! You got the job done. None of you had to asked, you just did it. We worked together as a team and pulled it off. It could not have gone any better. It would have been easier with more help—but not better.

July 1992, Q.C.C.C. members will go to Texas. When we walk in the door, we will do it with the knowledge that some predicted that after the 1991 Convention there would be no Queen City Corvette Club, not only is there a Q.C.C.C., but a strong, loud, partying group of good friends from N.C.. This group will be there to have a good time and visit with our friends from all over the United States. We can do this because we have earned the respect of a nation of Corvette owners.

I will never forget those of you who worked so hard to see that this convention would be the great success that it was. I am sorry to say I will never forget those who worked so hard to see it fail. But I have confidence and pride in the fact that

Rena + Jay, Betty + Larry,  
and all the Charlotte Convention Crowd

What a wonderful week. Not as sparklin  
as New Orleans or as chilly as the  
Pocconnos. Just Right!

We had a great time in the Junkaha  
and on the Rallye. We didn't tech for  
the Low Speed (our Fault). Those guys  
were good. Rena, we particularly enjoyed  
the parties and music. But, our favorite  
past-time was making New Corvette friends

Thanks to each of you for all you  
did to make the 1991 NCCC Convention,  
one we will long remember.

Sincerely,

Sandra + Harry Woodard

## **RALLYE**

**AUGUST 18, 1991**

I'm pulling double duty this month. Because of this, I have decided that for a social we could have a great time driving the rallye that was used for Convention '91. Anna and Durran Coley are letting us end up at their house after the rallye for a pool party, cookout (hot dogs), and ice cream sundaes. You will need to bring your favorite beverage and a swimsuit. Corvettes are optional for this rallye.

Come to the back parking lot of the Cameron Brown Building on South McDowell Street (next to the Adam's Mark Hotel) at 11:00 a.m. on Sunday. For those who want to start the rallye after 12:00, call me at 545-8168 and let me know.

## **MINT HILL MADNESS PARADE**

**SEPTEMBER 28, 1991, 10:00 A.M.**

We have been asked to participate in this parade. They would like to have at least twelve cars. Once the parade is over, they want to have them on display from approximately Noon until 5:00. Please give this some thought so we can discuss it at our club meeting and then a follow-up with you from our call committee.

## V. P. OF COMPETITION'S REPORT

Our dream became a REALITY. Thanks to everyone who pitched in to make it possible. I think a good time was had by all. Some of us were dragging by the end of the week. The majority of comments were of a positive nature.

THANKS.
