

JULY MEETING CANCELED and

QCCC UPDATE

Hello QCCC Members. We (the Board) want to update you on the status of QCCC activities. First, as you probably guessed, we have Canceled the July Business meeting. We had a place selected and were ready to go, but the guidelines from the Governor still do not allow a large gathering for a meeting type activity. So we will hope and pray that we can get together for our 52nd Anniversary Celebration and Club Meeting on August 8. We will keep you posted.

The QCCC Board met Tuesday night via conference call (as we have monthly) to discuss upcoming business meetings and some event options. Some event suggestions were discussed on the call, but we decided that the Board should meet again on July 11 at the Loftin Compound (with face masks and plenty of distancing) to make further decisions and plans. Our intent is to design some activities that will allow club members to get together soon, drive our cars, and have some fun! These will be informal activities, and everyone is advised to use your own discretion as to participation. All activities will require face masks and proper social distancing. But that is better than nothing at all! So look for Blasts to come SOON that will give you details.

One thing that is not changing is the 9th Annual Queen City Corvette Show. We are moving full steam ahead on the plans for the show on October 3. Information has been sent out to over 100 Corvette Clubs in the region, and ads will be placed in publications. Bloomington Gold South is planning on attending. Hendrick Motorsports has put together a fantastic prize package for some lucky show participant to win. So we are asking all QCCC members to Register your car (free for members) for the show via the online registration process. Also, please start collecting items for door prizes, and think about donating something for the silent auction. While this year's show may be a little different from the past, we still need, as always, to put on a great event. We have a proud tradition to maintain, and I am certain that QCCC will do it again!

Yes, things are different and challenging. But the Board wants you to know that QCCC is very alive and very well. Our finances are good, our spirits are good, and all we need is some "get-together" time. That will come soon as well. So, as always, thank you for your continued support and dedication to this amazing organization. Fifty two years of continuous operation, and nothing is going to stop or interrupt that. See you soon!!!

Paul Mitchell

President, QCCC
